lessons learned  
and these rules of thumb are broken now  
in this broken kingdom  
and I never had time to figure it out  
it's said and done  
life goes on and on and on...

cause I'm gone!  
it's taking too damn long  
we're all just moving on  
seems like everyone's like me  
a high school tragedy [x2]

I'm picking up the pieces of the broken hearted  
(of the broken hearted)  
trying to mend them into one (bring them together)  
it was the last day of high school  
when I walked right by you  
your eyes never shifted like I ever existed  
you're walking away too fast  
both you and I know we'd never last  
(she walked out the door...)

I'm gone!  
it's taking too damn long  
we're all just moving on  
seems like everyone's like me  
a high school tragedy [x2]  
and I'm gone!

now I sit here soaking up some sun  
on this monday morning  
I'm coming home just for a moment  
then I'm nowhere to be found  
this is it! my last goodbye  
so goodbye and goodnight to you  
I'll meet you somewhere on the other side

lessons learned  
and these rules of thumb are broken now  
in this broken kingdom

I'm gone!  
it's taking too damn long  
we're all just moving on  
seems like everyone's like me  
a high school tragedy [x2]  
and I'm...GONE
