Oh no please let me go  
Don't you try to stop me  
Let me let me break out  
Let me let me be me  
Oh no don't try to explain  
You're such a disappointment  
Met him don't want you  
Met him don't want you  
Living this time of mine  
Living this time of mine  
Leaving this time in shadows  
You had it all  
You seemed to know but it's mine  
You had it all you seemed to know but it's mine  
Oh no please let me go  
Don't you dare touch me  
Let me feel satisfied  
Let me let me be me  
Oh no don't try to explain  
Don't you dare cry now  
Met him don't want you  
Met him don't want you  
Living this time of mine  
Living this time of mine  
Leaving this time in shadows  
You had it all  
You seemed to know but it's mine  
You had it all  
You seemed to know but it's mine  
And now you try to stop me babe  
And now you want me lying down  
And now you try to stop me babe  
And now you want me lying  
Living this time of mine  
Living this time of mine  
Leaving this time in shadows  
I'm leaving this time...
