Will you make it?
Will we make it?
Am I gonna take it?
Am I gonna take the lie tonight?
Always out for wine
Alright - you bring it up for me.
Will you break it?
Do you hate it?
Am I gonna take it?
Am I gonna wake the lie tonight?
Always out for wives
Alright - you bring 'em up for me.
The wind keeps blowing and I keep falling
Who's your little boyfriend?
Bending at the weekend
Tell me how you take it?
Tell me how you stand the lies?
Tonight?
I'm always out of mind
Alright - you're always out of yours
The wind keeps blowing and I keep falling
