Where is your will to fight?
Where is your pride? Stand up and
Fight. Passion is dragging us
Away, emotion dulls ours our
Senses. I am shaken. I am afraid.
I am shaken to the depths. I am
Afraid. I have fallen into the
Night and I need radiance. I need
To be brought back to the
Daylight. Passion is dragging us
Away, emotion dulls ours our
Senses. I am shaken. I am afraid.
Your legs grow weak, your mouth
Is dry, your body trembles.
