Hate is growing day after day
Human disease is here to stay
No control from the highest place
All is insane beyond the fears
Forced to live with blood on the hands
World is awaiting its final collapse
Searching our true fucking dimension
Euphoria of man no one will control
Anger predominates the mind
Terror emerges from inside
Cold as the breath of death
Our bloody rage will explode
Confusion prevails on this soil
On the earth of degeneration
It's time to face all the consequences
Beyond the Fears
I'd never have imagined this world
Crushed by the hands of god and his slaves of sin
A cruel thirst reign in my heart
I'd never have imagined this world crushed by the
hands of god
All is insane Beyond the Fears
