Fire rains from the skies
With a murderous fury
It's better off to die
Than drown in their own blood
Lifeless all that remains
But the worst is yet to come
Millions of lives that cease (to exist)
Confined in terror
Betrayed - Confined
Pain will plague you inside beyond the flesh
Fire rains from the skies
With a murderous fury
Millions of lives that cease (to exist)
Confined in terror
Nothing but the hate inside myself
Embracing self-destruction like a release
Never forgive your deeds out of control
Pain will plague you inside beyond the flesh
I will set you free from your eternal misery
Extinction of all lies
Through our campaign
Nothing's alive Instinct of killing
Torture begins
Peace deceiver
No turning back
As your world is falling...
