"Forget About Him I'm Mint"

Visit "[Forget About Him I'm Mint](#)" on MotoLyrics.com

Everyone I leave seems to get away
And everywhere I go, I want to travel by rickshaw
Thorazine given in your food will stop the headaches
But don't be fooled by what you leave me

Everything depends on the getaway
And everywhere I go, I want to travel boogie-board
Thorazine given in your food will stop the headaches
But don't be fooled by what you leave behind

Everyone I know needs to get ahead
And everywhere I go I want to travel by X-wing
Thorazine given in your food will stop the headaches
But don't be fooled by what you leave me

Everything I leave seems to get away
And everywhere I go, I want to travel on my man-legs
Thorazine given in your food will stop the headaches
But don't be fooled by what you leave behind
