Hannah and her sisters (undress for success)
Hope it isn't obvious (undress for success)
There is talent in them foothills (undress for success)
Underexposed and dead wrong.

I was dreaming of a puppet (undress for success)
When they moved a mountain on it (undress for success)
There is no-one to defy it (undress for success)
Underexposed and dead wrong.

Now grenades, sickles and hammers for the happy couple
Grenades, sickles and hammers for the happy couple
Grenades, sickles and hammers for the happy couple
When I lost my teeth I gained a

Friend amongst the fury (undress for success)
And a mother to these injuns (undress for success)
Let's have Abraham for breakfast (undress for success)
Underexposed and dead wrong.

I am absolutely serious (undress for success)
And the weather was a bonus (undress for success)
She was grateful for directions (undress for success)
Underexposed and dead wrong.

Now grenades, sickles and hammers for the happy couple
Grenades, sickles and hammers for the happy couple
Grenades, sickles and hammers for the happy couple
When I lost my teeth I gained a fire.

Monsters! Monsters! Monsters!

Monsters, they were four deep
Waiting at the bar with their claws on my credit card.
