It only happened yesterday
You got a restless look
You turned your back
When you went away
Like I knew you would

Do you remember, do you
Remember everything we said
A promise made with a kiss for sure
Like a book I read

(CHORUS)

It's about time you came back anyway
It's been a long, long time
I been alone most every day
You been on my mind
You been on my mind

I always wondered where you went
To find some piece of mind
You never seemed to give much thought
To leaving me behind

Do you remember, do you
Remember everything we said
A promise made with a kiss for sure
Like a book I read

(CHORUS)

It's about time you came back anyway
It's been a long, long time
I been alone most every day
You were on my mind
You were on my mind

I been alone most every day
You were on my mind

You were on my mind
You were on my mind
You were on my mind

You were on my mind

You were on my mind
You were on my mind
You were on my mind
You were on my mind...
