Verse 1:

When you look at me
I know you see
A 15-year-old
getting his gold
Back and forth to the studios
Hoppin' out limoseens
rockin' the latest jeans
Jodan's fresh
T-shirts new
And even though
These things are true
It's hard work and
sometimes I just wanna go home
And tell my girl to...

Chorus:

Braid my hair
Come on and braid my hair
Back in my hood
Feelin' good
No worries or no cares
Baby use your hands
To make me feel alright
And take away the stress and drama in my life...
while you braid my hair

Verse 2:

You may (you may) think that (think that) I'm
complainin'
But that's not the case (no)
All I'm sayin' is
My body gets weak (weak)
My mind gets tired (Oh Yeah, tire)
I need Sleep (sleep)
But I gotta keep (keep)
Travelin' on the road (road)
Doing these shows (shows)

New York to Cali
Dallas to Philly
It's da rules of da game
That I chose to play
But sometimes I wanna say (say)
Baby won't ya...

Braid my hair
Come on and braid my hair
Back in my hood
Feelin' good
No worries or no cares
Baby use your hands
To make me feel alright
And take away the stress and drama in my life...
while you braid my hair

Let your fingers do the walkin' and your lips do the
