Chorus:

Girl i love you more than anything in this whole world  
You're the reason that my life is so beautiful girl  
Girl i need you more.... than the air that i breathe  
everyday please don't ever ever ever ever ever go  
away(x2)

Verse 1:

Have you ever loved somebody so much you can't  
sleep? Every minute by your side is like heaven to me.  
Baby girl, everytime i look into your eyes i wanna kiss  
your lips and tell you a thousand times,  
You're more pretty than the skies of blue like the rays  
from the sun when i'm close to you  
even with all these problems that we had to go through,  
i'd do it all once again just to be with you.  
Lil mama, today is your day to shine forget what  
anybody says this is yours and mine.  
All i need is your touch and your loving everyday, and  
we gon make this last til the end of always.  
Invite your friends and your family too, i want the whole  
word to know that i'm crazy for you,

forget about your problems let me make things right  
and let me love you girl....  
for life

Chorus:(x1)

Verse 2:

I knew it from our fist kiss,  
Never imagined myself feeling like this.  
I see forever in your eyes. You took me by surprise by  
the way you are.  
You're the wish that came true from that fallin star.  
You're the air that i breathe and everything i need the  
missing piece that completed me and put me back  
together when i was under the weather,  
You were the remedy that made me feel better.  
Kisses and hugs x's and o's at the end of love letters.  
Sweeter than a box of chocolates.  
Everday is Valentine's when i'm with you.  
You my lady and i'm your rida and i'm always gon be  
right here beside ya.

Chorus(x1)

Bridge:

Please don't ever go away!

Lil mama because i love you!

Lil mama cuz i need you everyday of my life, everyday  
of my life
