

MC Magic "Sin ti"

Visit "[Sin ti](#)" on MotoLyrics.com

Ya no quiero llorar.
Y no quiero sufrir.
Necesito tu amor.
Yo me muero sin ti
Ya no quiero llorar.
Y no quiero sufrir.
Necesito tu amor.
Yo me muero sin ti.

I told you when I met you, that I had someone in my life.
"I wont tell if you wont tell" is what you said that night.
Do you remember it started as a game.
But when you play with fire, sometimes you can't put
out the flames.
You said that you's a big gurl: undertood the
circumstances.
Never took for granted- sneak away romances.
Tonight's the last night, I can't go on like this.
Got you crying on muh sleeve, trying to beg me not to
leave.
Por favor no llores.
Gurl I gotta go. Estoy perdiendo, tu llanto rompe el
corazon.
And if I stay 5 minutes I just might give in.
It's a battle I can't win.
More than just a sin. Made a promise to myself plus
someone else.
From this day 'till the end I gotta be somebody else.
Forgive me mama if I'm making you cry.
I never meant to change your life but I gotta say good-
Bye.

[Chorus:]

Ya no quiero llorar.
Y no quiero sufrir.
Necesito tu amor.
Yo me muero sin ti.
Ya no quiero llorar.

Y no quiero sufrir.
Necesito tu amor.
Yo me muero sin ti.

So many times you make mistakes, lying to the ones
we love.
I should've seen this coming, but I choose to be the
selfish one.
Muh mind is thinking I'll just see her one more time.
No more sneaking away to the hotel, telling these lies.
But every time we see eachother, I can't let go.
Still muh thoughts are saying you got a good gurl at
home.
A good mama to the kids after she works all day.
Does she deserve to be mistreated and lied to this
way? No.
But on the other hand I got you on the phone.
Telling me you can't wait to have me in your arms.
DAMN. I'm going crazy, loosing muh mind.
I shouldn't see you on the side, but it feels so right.
Maybe after tonight we can say Good-Bye.
And I'm thinking to myself this has got to be the last
time.
Ya no llores baby gurl, don't cry.
You deserve somebody better, that's gonna love you
right.

[Chorus:]
Ya no quiero llorar.
Y no quiero sufrir.
Necesito tu amor.
Yo me muero sin ti.
Ya no quiero llorar.
Y no quiero sufrir.
Necesito tu amor.
Yo me muero sin ti.
