Time

Our time has come to pass  
The shadows fade in the distance  
Trust  
Trust in you tonight  
To guide me through the excess

Take

Take all you want from me  
I'll give up all pretense  
Touch  
Your touch is all I need  
To justify my existence  
I know it's been  
A long time

After so many years  
Leaves have all died  
Days grow shorter and cold  
Winter has come  
Soon we'll fade into memory  
Hold me close through this passage  
(I need you near)  
When the comfort of angels  
Fails to appear

Dream

Dream of heavens so bright  
In quiet space  
Transcendence  
Faith  
Faith is meaningless  
When truth lies right before us  
This  
This is purity  
Returned to the earth  
A rebirth  
To touch  
Your touch is all I need  
To justify very existence  
I know it's been  
A long time
