You want me to surrender
You want to win it all
It's ok I'll take the fall

Within your eyes I wander
Within your smile I hide
From the lonely world outside

Fears run heavy
Tears run from my eyes into my hands they burn
I will wait here

I will wait for your return
Tonight

So come closer now I've got to let you know
You are the one I can't let go
So come closer now I've got to let you know
You are the one I can't let go

I wanted to remember
You wanted to deceive
When you asked me to believe

Beneath the sea of anger
We float within the calm
Waiting for the siren song

Fears run heavy
Tears run from my eyes into my hands they burn
I will wait here
I will wait for your return
Tonight

So come closer now I've got to let you know
You are the one I can't let go
So come closer now I've got to let you know
You are the one I can't let go

Do you feel
Do you feel same (x2)

Oh baby do you feel the same
Or is it really over
Do you want to stay
Or slip away in the dark

Fears run heavy
Tears run from my eyes into my hands they burn

I will wait here
I will wait for your return
Tonight

So come closer now I've got to let you know
You are the one I can't let go
So come closer now I've got to let you know
You are the one I can't let go
