Late at night we crawl along

Underneath the street light blinding our eyes
Cheap thrills, the scent of sin
Penetrate and hide beneath our skin
I will take one last breath
So hold me close, never let this feeling end
Feel my heart beat so fast
Watch the future dissolve into the past

this could be our last days

SO COME DOWN HARD NOW

WE WILL NEVER STOP UNTIL WE REACH THE OTHER
SIDE
(WE WILL BE ALRIGHT)
A bitter crush becomes my end

Defies my eyes until I forget where I've been
Murdered heart your weapon in hand
No turning back remember none of this was planned
this could be our last days

SO COME DOWN HARD NOW

WE WILL NEVER STOP UNTIL WE REACH THE OTHER
SIDE
(WE WILL BE ALRIGHT)

Bridge
I'm not giving in I'm not giving up

I'm not letting go now that my grip is tighter and tighter
