If you ask me  
Will we be ok  
I would have no answers  
No answers at all

Only questions  
Form within my mind  
What is there to show for our pain?  
Only questions remain  
Only questions remain

If you want me to give myself to you  
We could do it once again  
With no passion  
Reaction

No reaction  
No emotions in our way  
We could feel so dirty deep inside

No conviction  
To help me fall in place  
I need your attention  
Your attention that's all

No connection to the world below  
In this sweet remission  
Only fiction remains  
Only fiction remains

If you want me to give myself to you  
We could do it once again  
With no passion  
Reaction

No reaction  
No emotions in our way  
We could feel so dirty deep inside

We're just passing through each other honey  
Every detail every contradiction  
Blurry shapes make better lovers  
Honey

I don't know how I fit together  
If you want me to give myself to you  
We could do it once again  
With no passion  
Reaction  
No reaction  
No emotions in our way  
We could feel so dirty deep inside
