Listen to words devoid of meaning  
To sounds that long for feeling  
To wicked eloquence

Hold on the world keeps spinning  
Hold on the earth keeps shifting under us  
Guiding our decent

And with every breath  
Our moments fade away  
Hoping to shine again someday

Tonight its over  
As we try so hard not to feel  
Midnight surrounds us  
As we drift so far from what is real  
Dust to dust

Enter a dream world bathed in silence  
Of rituals and violence  
Unfilled desire

Hold on your senses reeling  
Hold on to fantasies unyielding  
With secrets deep inside

And with every move  
Our chances fade away  
Never to see the light of day

Tonight its over  
As we try so hard not to feel  
Midnight surrounds us  
As we drift so far from what is real

Dust to dust  
We lie awake on fallen leaves  
As earthworms gather for their feast

We pray the Lord our soul to keep

In dark night shadows we will weep

We're on our way

We're on our way

Tonight its over

As we try so hard not to feel

Midnight surrounds us

As we drift so far from what is real

Dust to dust
