Unholy hour of my sins  
The tears I wept in the cleansing fire  
A lucid light in spiteful shame  
I seal the wounds from your lust and desire

I turn away  
I lose identity  
You run from me  
Don't you know I'm not the enemy?

When will you show me the faith?  
When will you show me your conviction?  
A criminal mortality  
I'm fighting my fate  
Alive for another day

A reckless storm that beckons me  
A weapon of the night's obscurity  
Closing in on pon and prey  
Devouring the shadows of my soul

Divinity is gone from me  
Forgive me now  
I'm a servant of an unknown god

When will you show me the faith?  
When will you show me your conviction?  
A criminal mortality  
I'm fighting my fate  
Alive for another day

Give in to me  
A sweet kiss of poison  
The world is dead  
Have I become your loving enemy?

When will you show me the faith?  
When will you show me your conviction?  
A criminal mortality  
I'm fighting my fate  
When will you show me the faith?  
When will you show me your conviction?

A criminal mortality  
I'm fighting my fate  
Alive for another day  
Alive for another day  
Alive for another day
