Forsaken
Dried up on the vine
We wait here
For a sign from the divine

Elevate my arms
Reach out our hands
Searching for more than I am

Heal me
Guide Me

When the sun begins to die
Goodnight
When the moon begins to cry
Goodnight
When the stars fall from the sky
Goodnight
Goodnight

Mistaken
By the master of all lies
Give our minds
For promised purity

I don't know what you've been told
We live our lives bought and sold
Believe me
To believe in you

Goodnight
When the moon begins to cry
Goodnight
When the stars fall from the sky

Goodnight
Goodnight

So entertain me for a little while longer
Close my eyes I feel your touch
Cold hands and a warm embrace
Steals the laughter from my face

We're nearing the end
The beginning
Possibilities are meant for you
To live a life of gravity

Only you
For only you
