I will follow time  
I will lay you down  
I will be there when you're in need

Now you're in control  
I'll do what I'm told  
In your bedroom kingdom I will bleed

We could be great together if just for tonight  
Would you be the one?  
Be the one

You can push me to the limit I will never let you go  
Take me to the edge of darkness I will always find a  
way  
To come back  
To you

Push

Your heart is beating fast  
It's a part of me  
You are the life so close, don't you see

Is it misery?  
Is it loneliness?  
That makes your love so surreal

We do belong together each and every night  
You will be the one  
Be the one

You can push me to the limit I will never let you go  
Take me to the edge of darkness I will always find a  
way  
To come back  
To you

Push

So do you really have a reason?  
To keep me hanging on the line?  
Is it all a game to you?  
Leave me holding on to what we never had?

You can push me to the limit I will never let you go  
Take me to the edge of darkness I will always find a  
way  
You can push me to the limit I will never let you go  
Take me to the edge of darkness I will always find a  
way  
To come back to you

I won't let you  
I won't let you  
I won't let you

To come back to you
