Under velvet dreams
Underneath the soft light
Of the morning sun
We are one as I

Listen to your heart
Touch your pale skin
Will you let me in to the world within

So now is our time because we're beautiful
And we won't let anybody stand in our way
Though time one day will tear our souls apart
For now we'll hold each other tight
through the night

Our sorrows creep along
Like shadows on the pavement
And our hearts beat fast 'cause we know that this won't
last
The moments of our lives pass quiet as a whisper
Within our minds we'll never die

So now is out time because we're beautiful
and we won't let anybody stand in our way
Though time one day will tear our souls apart
For now we'll hold each other tight through the night

And I stop to wonder
If we'll ever be the same
No more strange illusions
No more innocence to blame
Is this the price that we all pay
When we fall and lose our way

So now is out time because we're beautiful
and we won't let anybody stand in our way
Though time one day will tear our souls apart
For now we'll hold each other tight

through the night
