Your love
It flows within my veins
The sweetest drug

Takes away the pain
But in the morning light
You turn to me you say goodnight
But I need another fix to get me through

Total Addiction
Total Addiction
It's not a feeling that I've ever felt before (X2)

This cruel world
Leaves me wanting more
It makes me do

Things I never should
But if you hold me tight
And tell me everything's alright
Just lie real still and take me where

I think of only you
Total Addiction
Total Addiction

It's not a feeling that I've ever felt before (X2)
Do I need a reason
To want you by my side
One more true believer

To do you bidding
It's almost criminal
What I would do
For another taste of you
But I need another fix
To get me through

And I need to feel your warmth on my skin
And I need to be the one you cant live without
So just lie real still and take me where I think of only
you (chorus X2)
