Sometimes I feel alone in the dark
Sometimes I feel the pressure will tear me apart

But you disappeared
When darkness creeps around me
Wish you were here

The sound of devils and angels fill my mind
Whispering spirits
Unholy and Divine

But you disappeared
When madness creeps around me
Wish you were here

We were not ordinary people
Bound to every fairy tale were told
Without you I get no mercy
From a world that feels so desolate and cold

Sometimes I feel I'll see you once again
But I know there's nothing to save us in the end

So you disappeared
When darkness creeps around me
Wish you were here
Wish you were here
