Say, there's a place in New Orleans
That serves fried chicken with turnip greens
Crawfish bisque that'll treat you right
And Papa Joe plays there ev'ry night
A little dark haired beauty says "Step right in"
And you can bet a full dollar she's be yo' friend
And ev'rybody there has a toler'ble time
Down at Papa Joe's
(Instrumental Break)
Papa Joe's got a swingin' band
You can rock and roll to Dixieland
The customers knows it's the place to go
Down at Papa Joe's
(Piano Break)
A little waitress comes to set you down
She's got the best frog legs in town
There's a welcome sign hangin' on the door
So don't you be afraid to ask for more
Now the only time Joe's closed at night
Is when the Police come and turns out the light
They get a little mad 'cause they don't fight

Down at Papa Joes

(Instrumental Break)

It's thicker than fleas on a monkey's back

But the folks down there, they like it like that

They live it up and they all come back

Down at Papa Joes
