Stand in line like military time  
Flowers blooming up from dirt  
Wear the ties and complicated lines  
There's wrinkles on a fresh-pressed shirt

He stands alone, conforming on his own  
He's thinking but he does not speak  
He tries to fight the edges on his mind  
But she is what he truly seeks, but she is what he truly seeks

Hey, is anybody out there?  
I'm reaching out  
Hey, is anybody out there?  
I'm coming down  
Hey, is anybody out there?  
I'm freaking out, I'm freaking out

The heat does rise, perform in double time  
The sweat is falling from his brow  
He's near his prize, but she begins to fly  
He knows that he must act, the time is now

A dance they play, an ancient lover's game  
Averts his eyes and chooses not to stare  
The trick, he sees, is aiming not to please  
Pretending that he doesn't really care  
If you want her, then pretend that you don't care

Hey, is anybody out there?  
I'm reaching out  
Hey, is anybody out there?  
I'm coming down  
Hey, is anybody out there?  
I'm freaking out, I'm freaking out.

We're trapped inside this star  
And we have gone too far  
All we want is to escape, escape, escape

Hey, is there anybody out there?

So shout it out

Hey, is anybody out there?  
I'm reaching out  
Hey, is anybody out there?  
I'm coming down  
Hey, is anybody out there?  
I'm freaking out, I'm freaking out
