I regret to inform that you've missed out on my better
side
You think you've got this whole damn town
By the balls
You don't say so
So lets chalk this up
To being a little too tough
With all your friends
You never come around
To call me out
To show me what you've been bragging about

Brought down by your own pride
This is only getting worse
You'll regret your decision to run your mouth

Another chance for me to turn it around
Oh oh, oh oh
You better liven it up
I've got this whole place figured out

Stop
What now?
He's nearly dead
So what?
This wasn't a part of the plan
He had it coming
He doesn't
Oh trust me
He'll love it
(HE BREAKS DOWN!)
YEAH!

Another chance for me to turn it around
Oh oh, oh oh
You better liven it up
I've got this whole place figured out
When in doubt I'll be there
By your side
In time we uncover all your lies

Another chance for me to turn it around
Oh oh, oh oh
Another chance for me to turn it around
Oh, oh.
Another chance for me to turn it around
Oh oh, oh oh
You better liven it up
I've got this whole place figured out

Another chance for me to turn it around
Oh oh, oh oh
You better liven it up
I've got this whole place figured out

When in doubt I'll be there by your side
In time we uncover all your lies
And then he told us it'll all blow over soon
Everyone makes mistakes right?
I'm bound to make a few myself if I don't show control
You need to show some control
