

The Dopamines

"Molly"

Visit "[Molly](#)" on MotoLyrics.com

I saw you every morning
Keeping me from yawning
Another friendship sold
When I was five years old

Imagine my surprise
Looking in your eyes
As you lay there cold
Fourteen years old

What do I say
What do I say
What do I
[X2]

Say it ain't so
Say it ain't so
Say it ain't
[X2]

Came without a warning
Now I lay here mourning
Another friendship told
Another heartache sold

Imagine your demise
From inside your eyes
Now you lay there cold
Now I'm freezing

What do I say
What do I say
What do I
[X2]

Say it ain't so
Say it ain't so
Say it ain't
[X2]

What do I say
What do I say

What do I
[X2]

Say it ain't so
Say it ain't so
Say it ain't
[X2]

You took my breath away from me Molly
(Don't say you're gone)
And if I could I would give you my breath
To keep you from death

Fourteen years now I'm in tears Molly
Still can't believe you're really gone

What do I say
What do I say
What do I
[X2]

Say it ain't so
Say it ain't so
Say it ain't
[X2]

What do I say
What do I say
What do I
[X2]

Say it ain't so
Say it ain't so
Say it ain't
[X2]
