Sometime in history I bet someone stood here and said  
"I tried and failed"

With that in mind please send me on my way, pat me  
on the back and tell me it's ok

I'm taking back everything that I said and replacing it  
with lead

So when your balance is off just tell everyone it's all  
inside your head

Sometime in history I bet someone stood here and said  
"It's a long way to the bottom"

Sometime in history I bet someone pushed you off the  
ledge

The life that you knew is just passing through - passing  
you

Just the way that you wanted, riding off in the sunset

Here's a nickel's worth of free advice:

Next time don't mistake signing your life away for an  
autograph

Don't make me laugh

The life that you knew is just passing through, kicking  
dust into your eyes
