My name is Squirrel  
Best shaker in the world  
Shake it on down  
(Shake, shake, shake it, baby)  
Shake it down to the ground  
(Baby, baby, shake it down)

Oh, yeah, yeah...

You've got problems  
I've got problems  
I can tell, ooh, ooh

Here's my best key  
Such a good therapy  
It's called shake it well  
Well, well, well

It's the best sensation  
For your frustrations  
And it never fails, no

Move your body to the music  
And shake it well, oh, girl

Hey, hey  
Shake it right on time  
Do it to the music  
Ooh, you got it on  
Let's see you use it

Let your hair hang down  
Oh, you party pooper  
Forget about yourself  
Ooh, let the music groove

Not an inspection  
Just a bad reaction  
Baby, ain't no thrill  
Ain't no thrill to me

There could never be  
A better remedy  
Then to shake it well  
I can tell, hey, hey

Whatever your ailment  
You'll find contentment  
If you shake it well  
Oh, just for me

If you feel you wanna move  
Just get in the groove  
And shake it well  
Ha ha, just for me

Hey, hey  
No matter what?  
You might be heavy  
Or you might be thin

Long hair, short hair  
Short or tall  
You might not have  
No hair at all

Let the music slip it to you  
Shake it well  
Oh, you move me

Ooh, let your body  
Ooh, get real nimble  
Then you'll soon feel swell  
I swear you will, I swear

Hold it now, wait a minute  
(Hey, what is it, man, come on)  
Everybody out there ain't shaking  
Let's get a groove  
(Everybody's gotta be moving here)  
Come on, man, let's all shake

Shake it, shake it  
Shake it, shake it, shake it  
Shake it, shake it  
Shake it, shake it, shake it...

Everybody, shake it well  
Hey, hey, hey, shake it

Shake it, shake it  
Shake it, baby

Baby, baby, shake it well  
Shake it on down  
Shake it down to the ground

Shake, shake, shake it  
Oh, baby, don't you fake it

Don't mean no disrespect  
But they're doing it at the discotheque  
Oh, just shake it well, hey, hey, hey

Get it off?  
Come on, y'all, let's keep it clean  
We gone shake it well, I swear

It ain't dirty  
So don't you worry  
Just shake it well  
Ain't nobody gonna  
Say nothing about it now

Everybody in Hollywood, ooh  
The exercise might do some good  
Ha ha, just shake it well

Hey, everybody in New York City  
I swear it would be a pity  
If you don't shake it well  
Shake it well, shake it well

Everybody all over the world  
Man, woman, boy or girl  
Come on and shake it well  
Come on and shake it well

You might have problems  
But the music can solve em  
If you shake it well  
If you shake it well

Hey, hey  
Come on and shake it well  
Shake it well

Hey, hey, hey, hey  
Hey, hey, hey, hey  
Shake it well...
