So close but so far  
another minute, wait another minute  
make a wish on a falling star  
another minute, wait another minute  
minutes turn to days you just cant wait anymore  
been waiting so long for a new way  
it's o.k.  
it's a brand new day  
with a brand new face  
it won't belong 'til all the stars are in their place

so far so good  
another minute, wait another minute  
from this town to hollywood  
another minute, wait another minute  
minutes fly away we just can't wait anymore  
been waiting so long for a way  
we'll be o.k.

it's a brand new day  
with a brand new face  
it won't belong 'til all the stars are in their place  
it's a brand new day  
with a brand new face  
it won't be long 'til you belong in this place  
it's a brand new day

staring back at tragic eyes  
hollow still and dead inside  
can we try to get it right?  
or are we out of time?  
i'll never know  
you hide the path the leads me home  
but i'll go on.

it's a brand new day  
with a brand new face  
it won't belong 'til all the stars are in their place  
it's a brand new day  
with a brand new face  
it won't be long 'til you belong in this place  
it's a brand new day

i'll say "so long"  
i'm on my way  
but i'll be back again someday  
will you remember my name?  
remember this face

make a wish on a falling star
