Take, take, take away  
Don't fool yourself  
What you can't conjure up  
You take from someone else.

What do you have to say for yourself?  
You're supposed to be the one who'll stand us up.  
Won't knock us down.  
It's all the same to me  
It's all the same to me  
Yeah, it's all the same to me though  
So afraid to change, good for you.

You look so perfect there,  
Up on the stage.  
As you ignore them now,  
There's something up your sleeve.

What do you have to say for yourself?  
You're supposed to be the one who'll stand us up.  
Won't knock us down.

It's all the same to me  
It's all the same to me  
It's all the same to me though  
So afraid of change, good for you.  
Good for you  
Yeah it's all the same to me though  
So afraid of change. good for you  
Good for you

No way you can distinguish anything.  
Going from another, oh well.  
Does anyone care about it  
So why do I think about it?  
Swing me around for a chance for something else.  
Spinning around and falling to the ground.  
Everyone's always taking, taking it all literally.  
but it's all the same to me  
It's all the same to...

Yeah it's all the same to me though

So afraid to change, good for you  
Good for you  
Yeah, it's all the same to me though  
So afraid of change, good for you

Why don't you do something???  
Are you afraid?  
Are you afraid?  
Are you afraid?  
You're so afraid.  
You're so afraid  
You're so afraid  
So fake and over rated.  
So fucking over rated.  
So fake and over rated.
