Can you hear me when I talk about you
Can you see me I'm right here
Can you feel me from out here
What happened to me
What happened to me
I wish I knew

I will sing for you
I'll scream for you
I call out, I call out
I'm losing my voice now
I call out, I call out

There's so many words we've left unspoken
Now today is so unclear
Every minute here's been gone
What happened to me
What happened to me
I wish I knew

I will sing for you
I'll scream for you
I call out, I call out
I'm losing my voice now
I call out, I call out

I will sing for you
I'll scream for you
I call out, I call out
I'm losing my voice now
I call out, I call out

And if I wasn't sorry
Then why am I today

Choking cigarettes I'm smoking
Make the feeling disappear
I wonder is this just what happened to me
What happened to me
I wish I knew

Will you sing for me

I'll sing for you
I'm losing my voice now

I will sing for you
I'll scream for you
I call out, I call out
I'm losing my voice now
I call out, I call out
I'm losing my voice now
I call out, I call out
I'm losing my voice now
I call out, I call out
