So when were you going to let it fall from your lips?
Over wires I hear that I've been killing you for weeks
I say "sorry"
It's all that I can do
'cause my moments with you are what keep me going
So wrap your arms around my neck
And let's forget that I'm not your best bet
If you need me, I'll be lying in Washington Street
Face down, so I'm harder to scrape off the ground
Don't worry about me
I'm just "fine" like always
It will be harder now, after such a fallout,
To hold your hand without feeling like I am crushing it
Under the weight of my busy life and my lack of time
So wrap your arms around my neck
And let's forget that I'm not your best bet
If you need me, I'll be lying in Washington Street
Face down, so I'm harder to scrape off the ground
Don't worry about me
I'm just "fine" like always
Fine like always
I will do the best that I can
And that's all that you ask
When you are cold
I'll swim in kerosene and light a match
So wrap your arms around my neck
And let's forget that I'm not your best bet
If you need me, I'll be lying in Washington Street
Face down, so I'm harder to scrape off the ground
Don't worry about me
I'm just "fine" like always
