Hey, little girl  
I hear somebody broke your heart  
I hear that he cheated and  
Lied to you right from the start

But it's gonna be all right  
Put on your red dress tonight, yes

(CHORUS)

And I'll take you where  
The music's playing, baby  
Take you where the lights are dim  
Take you where music's playing, baby  
Little by little, I'm gonna  
Help you forget about him

I've been your friend  
But now's my opportunity  
And I'm gonna show you  
Just how good a friend can be

I know what he's put you through  
But I'll make it all up to you, girl

(CHORUS)

They got red lights and green  
Lights shining from the ceiling  
I know that you'll lose  
That sad and lonely feeling

Oh, I'm gonna take you where  
The music's playing, baby  
Take you where the lights are dim  
Take you where music's playing, baby  
Little by little, I'm gonna  
Help you forget about him

Take you where the music's playing, baby  
Take you where the lights are dim  
Take you where music's playing, baby
