To my world of none-believers  
To my nation of all my leaches  
Everyone's scared  
Everyone's scared  
To my world of fake-believers  
To my nation of all betrayers  
Everyone's scared  
Everyone's dead

We are the murderers now  
We are the murderers now  
You're dying slowly  
We are the murderers now  
We are the murderers now  
You're all gonna get it  
You're all gonna get it

To my world of anonymous haters  
To my nation of the glamorous fakers  
I know who you are  
I know where you are  
To the world of my ex-girlfriends  
To the nation who prays for our end  
You're wasting your time  
You're wasting your time

No more trying  
No more sacrifices for you  
No more lying  
I'm really getting fed up with you  
I'll pack my stun gun  
Guess I'm coming after you

We are the murderers now  
We are the murderers now  
You're dying slowly  
We are the murderers now  
We are the murderers now  
You're all gonna get it  
You're all gonna get it

All the spiders, all the bugs  
They must be sterilized  
We must be going crazy  
All the rats, all the snakes  
They must be paralyzed

No more trying  
No more sacrifices for you

Where would you be  
If you didn't have me?  
Where would you be  
If you didn't have me?

We are the murderers now  
We are the murderers now  
You're dying slowly  
We are the murderers now  
What you see is what you get  
We are the murderers now  
Dying, solo!

We are the murderers  
We are the murderers  
We are the murderers  
We are the murderers
