"Gates of Dawn"

Hear the sound of her wings

At the gates of dawn

She is in search of herself

In dedication of elevation

She passed many sleepless nights

Then gathered every bit of strength

For her unguided attempt

Can't you , can't you comprehend?

Look in your eyes

Like I look

When she comes down

From delight

It's insane

So insane, so insane, so insane

Oh, she suffers, suffers

She cries blood red eyes

Oh, she needs a friend

Reach out, touch her hand

A mind disposed of lunacy

In dedication of elevation

She's in search of herself

Give her

An indication of destination
