"Slay Your Dragons"

This is a song

A song of hope

Some words of liberty

Your in despair, but just hold on

Life is yet to come

For all we had and there might be

Somehow I will be there for you

Somehow I will be there for you

Slay your dragons!

Don't forget you're not alone

I offer you my comfort zone

This ain't the end you just begin

To heal your damaged soul

To let go all control

Oh, we make it true

Somehow I feel

We will survive

Keep the flame alive

Hush now, hush now

We will survive

Keep the flame alive

We will
