Won't it be a lonely life for you
When you wallpaper rooms with IOU
Receipts given to all your friends?
When things are so thick you can't not trip over their
bodies
Knives deep in them so you can really only see the
end?
You can't see the end?

Won't it be a lonely life for you
When you wallpaper rooms with IOU
Receipts given to all your friends?
When things are so thick you can't not trip over their
bodies
Knives deep in them so you can really only see the
end?
You can't see the end?

Don't turn around
I won't be there
It's hard for me to catch someone who's let me fall
The seasons change
Your reasons change
Did you ever really care at all?

Oh my how dark the sky gets
It doesn't fall fast
But it falls hard, this night
When Summer calls your name
But you hear,
"Whisper whisper
Kill him quick before he kills you!
Whisper whisper
Kill him quick!"

Don't turn around
I won't be there
It's hard for me to catch someone who's let me fall
The seasons change
Your reasons change
Did you ever really care at all?

Just because you have opinions doesn't mean that
you're smart
And just because you think you're better doesn't mean
that you are

Don't turn around
I won't be there
It's hard for me to catch someone who's let me fall
The seasons change
Your reasons change
Did you ever really care at all?

Don't turn around
I won't be there
It's hard for me to catch someone who's let me fall
The seasons change
Your reasons change
Did you ever really care at all?

Just because
And just because you think you're better
Just because
Just because you think you're better
