Kind of unsure  
She pushes herself in the street  
She rolls by me  
And our eyes meet  
Its love at first site  
Ill be with her tonite

Shes the girl for me  
Through boston on the T  
Shes a skateboard chick  
I can't do an ollie or a kick  
But that's why she doesn't care

Since we met  
We've never been  
In love  
Shes been skateboarding  
Through my heart  
Shell never go for a guy like me  
Shes with ???

Shes the girl for me  
Into boston on the T  
Shes a skateboard chick  
I can't do an ollie or a kick  
But that's why she doesn't care

She's my, my skateboard love  
She's my, my skateboard love

But she doesn't care, no she doesn't care
