You're gonna need someone on your bond
I might be a man of lean means
But let me paint this scene'.

Your wife's a real heel
And that pulse inside your veins
Sounds like footsteps walking away
You ain't getting any younger man
I've known her a lot longer than you
Can't you see
What she is hanging around for?
The medicine breached you
Sank like a stone
You're gonna need someone on your bond
You've got a few loose ends
The abscess meets your physician in Rome
Not that long after
Death comes creeping in your room
You gonna need someone on your bond
She is a gratis artist
Faciliate sollicitation now!!
Chill the will!
And get some one on your bond
