"I'll see you later baby"

That's what you said when you were walking down the street

"I'll see you later honey"

My Papa said you'd never be there for me

And I don't know where to go

And I don't know who to run to

And I don't know where to go

And I don't know who to love

And you're the one that makes me happy

And you're the one that makes me sad

And you're the one that makes me happy

And you're the one that makes me sad

I've heard some stories about you

But there's nothing that wouldn't make me forgive you

'Cause when you're away, I'm so sad

If you'll be here I'll be so glad

'Cause you're the one that makes me happy

And you're the one that makes me sad

And you're the one that makes me happy

And you're the one that makes me sad

And you're the one that makes me happy

And you're the one that makes me sad

And you're the one that makes me happy

And you're the one that makes me sad

You're makin' me sad

You're makin' me sad

You're makin' me sad

You're makin' me sad
