Visit "[Yer To Sensitive](#)" on MotoLyrics.com

Poor little emo life isn't fare
You need a lotta tender loving care
Ink on yer knuckles, say hard luck
Ain't you the baby with a trust fund
Got you a platform called the warped
Emotaph will give you a bus
Taking back a paragraph we'll name yer band
Start sucking up

You're to sensitive!
You're to sensitive!
You're to sensitive!

Poor little fucking american
Your belly's full, clothes on yer back
Raised in a mansion on the hill
Ya got to many feelings yer emotion sells
Got you a platform called the warped
Emotaph will give you bus
Taking back a paragraph we'll name yer band
Start suckin' up

There ain't no money in rock'n'roll,
Punk rocks gone emotional
Rodney on the rock get's no respect
But then again he plays yer shit
Got you a platform called the warped
Emotaph will give you a bus
Taking back a paragraph we'll name yer band
Start suckin' up
