Ba ba ba ba... yeah

Baby, baby, baby, baby  
Baby, baby, baby, baby, baby

Just because of you (ooh, yeah)  
I'm a happy guy  
You're the reason why  
Just because of you  
I'm a happy guy  
You're the reason why

I feel like a king  
Sitting high on top of the world  
If my heart could sing  
I'd sing a love song to you, girl

You are my reason  
To feel this way  
And every time I see you  
I just wanna say

Just because of you (ooh, yeah)  
I'm a happy guy  
You're the reason why  
Just because of you  
I'm a happy guy  
You're the reason why

Feel like a tot  
That found a brand new toy  
All the love that you bring  
You fill my heart with so much joy

You are my reason  
That I feel this way  
And I hope and I pray  
You'll never take your love away

Baby, baby, baby, baby  
Baby, baby, baby, baby, baby

Just because of you (oh, yeah)  
I'm a happy guy  
You're the reason why  
(You make me feel so brand new)

Ba ba ba ba... yeah

Baby, baby, baby, baby  
Baby, baby, baby, baby, baby

Just because of you (that's why)  
I'm a happy guy  
You're the reason why  
(You make me feel so brand new)

Just because of you (that's why)  
I'm a happy guy  
(I just got to, got to love you)  
You're the reason why, yeah

Baby, baby, baby, baby  
Baby, baby, baby, baby, baby

Just because of you (ooh, yeah)  
I'm a happy guy (come on)  
You're the reason why  
Just because of you...
