Emily Snow

Where do we go?

Now all the late night bars have closed?

And all our friends have turned to shadows

People come and people go

People come and people go

In the blink of an eye

We're all gonna die

So why are we waiting for tomorrow?

Why are we drowning with our sorrows?

People come and people go

People come and people go

Down by the sea, remember me

'Cause for that instant I was free then

Out on the sand with no demands

No one to tell us where to be

Emily Snow

Surely I know

That was all long ago and far away

But I remember my promise to you, Emily Snow

Though people come and people go

People come and people go

People come and people go, I know

I know, I know, Emily Snow

Down by the sea, remember me

'Cause for that instant I was free then

Out on the sand with no demands

No one to tell us where to be

Emily Snow

Surely I know

That was all long ago and far away

But I remember my promise to you, Emily Snow

People come and people go
People come and people go

People come and people go, I know
People come and people go, I know
