Conspiracy, cover up  
Got a story to tell so listen up  
Zombies in Cambodia  
A strain of malaria kills all  
Resurrects the dead  
Improves life for all  
The world will fall

Once upon a time in a land far away  
A couple little kids went outside to play  
Unfortunately it was dark and the mosquitoes were out  
Those kids had no idea what was coming about  
Infecting them with complete mortality  
Five minutes later there was blood in their pee  
That next day when they woke up dead  
They turned into zombies and went crazy in the head

Zombies in Cambodia  
A strain of malaria kills all  
Resurrects the dead  
Improves life for all  
The world will fall

A couple weeks later when the gov caught wind  
They sent in the army with Huckleberry Finn  
Google it yourself, don't be a fool  
Research the chaos in Quan'Sul  
Come on now, don't miss the fun  
Buy some ammo and load up your gun

Zombies in Cambodia  
A strain of malaria kills all  
Resurrects the dead  
Improves life for all  
The world will fall
