This is a fan favorite  
With you, me, Brandon, and Satan  
I'm gonna light something on fire  
Eat my head, suck my balls  
He's gonna kill you  
Death, death, die, die  
Cut myself  
Yesterday Satan went to my house  
He told me to kill Cory  
So I broke his little neck  
I ate his balls  
I cut out his heart  
It was still bleeding and I drank it  
I drank it all  
Drank the blood  
Eat the flesh  
Kill them all  
Slap  
Bleeding from my wrist  
Rotting in the corpse of my shell  
Forbidding the day I'm going to die  
But wait, maybe I actually want to die  
Get me out of this life faster  
Get me out  
Waffles  
With syrup  
Sugary goodness  
(Lots of screaming)
