Have you ever told me some more
Of the words I ever want to hear
And it wears me out every fall
Every month it breaks you sleep with someone else

Could you guess what Iâ€™m thinkin' about
But you just care to have someone around
To hold in case that it feels
It feels so bad to have that hollow inside

I never saw you naked
Should you guess I feel frustrated
More and more
It feels like it must be the end of it all

Hurt me some more
Let it all out
Tear me apart
And please never
Don't ever care of me
'cause it could get better for us
For us

Then heal my pain
Kill me again
Bleeding like rain
And please never
Don't ever care of me
Could it ever get worse than this
For us

What I gave you was never enough
"oh dear I'm sure you'll understand there was a
setback, but
Wait a few weeks it would be good as it can ever be"
Just put an end, you'll cut my hands, please wear my
red-stained gift

Get away get away from me,
Cause all your promises are bunch of words and
This bunch of roses was a trail of dead you accepted
for

Some paper, bullets, ink and canned hate

I never saw you naked
Should you guess I feel frustrated
More and more
It feels like it must be the end of it all

Hurt me some more
Let it all out
Tear me apart
And please never
Don't ever care of me
'cause it could get better for us
For us

Then heal my pain
Kill me again
Bleeding like rain
And please never
Don't ever care of me
Could it ever get worse than this
For us

When you say
That nothing compares to this
Well I get
Nothing at all

(as I lie stuck in my bed)
When I say
Iâ€™m losing my
(you made me reach the edge of)
Sanity
(sanity)
It means youâ€™re over

You never really wanted to
I never figured out what
More and more
Was growing insane
Hesitate
Start again

Hurt me some more
Let it all out
Tear me apart
And please never
Don't ever care of me
'cause it could get better for us
For us

Then heal my pain
Kill me again
Bleeding like rain
And please never
Don't ever care of me
Could it ever get worse than this
For us
