..And the Lord spoke saying,
"Thou shalt not kill"
And he did murder his enemies,
For he was a vengeful God.
Hey dummy,
Do you know what you say?
"We are all puppets and it is the ventriloquist
We are all puppets and it is the ventriloquist
Thinking is out of our reach,
We repeat the shit that you teach"
You are all puppets and the bible your ventriloquist,
You all live inside of it's bullshit mist.
I want to knock on wood, wake you up, wish I could
I want to knock on wood, wake you up, wish I could
We are all puppets and it is the ventriloquist, we are all
walking
Around in it's bullshit mist.
Knock on wood, wish I could, wake you up
Knock on wood, wish I could, wake you up
Knock on wood, wish I could
Knock on wood, wish I could
