"Children,
Get out of your home,
We've finished,
Running your lives,
Mess up kids of your own,
Until you all have died."
"No, I'm not going to,
Listen top you anymore,
One thing that is true,
I'm finished being your whore"
"You will not,
Because I tell you to,
You will all get shot,
If you think that is true."
"No you're not going to,
Think that anymore,
Don't tell me what to do,
It won't be like before.
We will not,
Because you tell us to,
No one will be shot,
Until we are through,
Until we are through,
But only when we are through,
But only when we are through,
But only when we are, throughhhhhh."
