"Bleeding Heart"

I saw what happened close by.
Everybody saw, but nobody was
about to react
We turned a blind eye to this cruel slaughter.
My soul is crying, is yearning for vengeance.
For murdered children, for raped women,
For tormented and executed men.
Why were they doing it,
Why were they killing like animals?
Lord, why did nobody stop them?
My heart is bleeding, I pray for peace on our
EARTH
My soul is crying, is yearning for vengeance.
For murdered children, for raped women,
For tormented and executed men.
I saw what happened close by.
Everybody saw, but nobody was
about to react
We turned a blind eye to this cruel slaughter.
I know that when the GATES of HELL,
Which I saw close by, will open,
There will be nobody to help us.
